Dear Reader:

Most magazines are easy to describe. And to discard,

Not REALITES.

REALITES is many different magazines, covering many different topics. In depth. And in living color.

Take art for example. REALITES brings you articles and magnificent four-color illustrations of great art -- from ancient cave paintings to the modern masters. (Yet REALITES is not an art magazine.)

Issue after issue wings you to exciting and colorful places tourists rarely discover. (Yet REALITES is not a travel magazine.)

You'll enjoy scores of tempting, out-of-the-ordinary recipes from all over the world. Some of the most beautiful photographs ever published. History. Fiction. Fashion. Political affairs. (Yet REALITES is not a magazine of any or all of these subjects. Its interests, like your own, are wider still.)

REALITES, as its name implies, is a magazine of what life is all about. The good life. (Despite reports to the contrary, there still is a good life -- and getting better all the time for readers of REALITES!)

REALITES spares no expense to depict the good life. Articles are by world famous authorities (who also happen to be the world's most entertaining writers). With magnificent color photographs, outstanding graphics, quality paper, each issue of REALITES is a treasure. And who discards treasures?

To introduce you to REALITES, "the most beautiful magazine in the world," we offer you a full year for only \$17 (instead of the regular \$20 price). Plus a bottle of Dior perfume FREE.

To take advantage of this special offer, fill out the enclosed order form and return it to our New York office in the postage-free envelope provided. Add more of the good life to your life. With REALITES.

Sincerely,

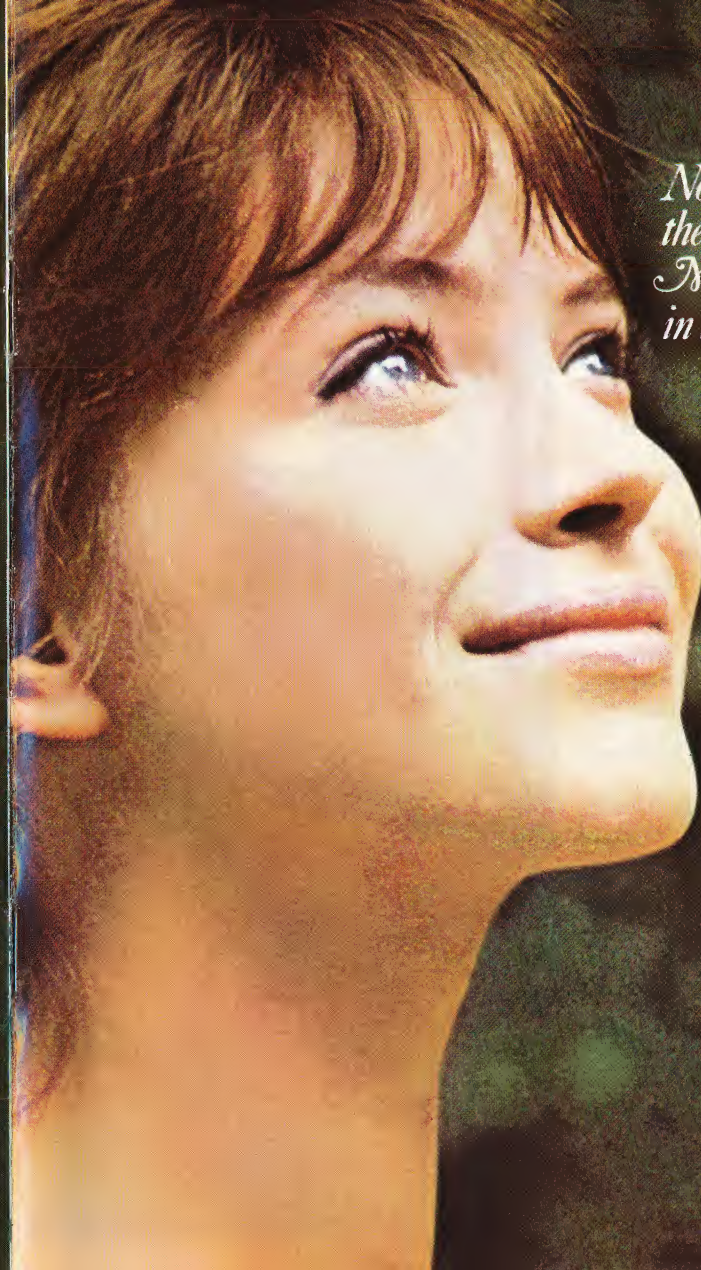

Marguerite Pascal

Réalités

Réalités takes you on an exciting, colorful journey each month.

It begins the moment you see the Paris postmark on your copy. And continues page after page, mile after mile, as you explore the Continent and points beyond with the world's most beautiful magazine.

Thanks to Réalités, you are never a stranger or a tourist. You are a part of the European's world of sophistication, wit, flair—and discovery.

You'll visit fascinating places both on and off the beaten track—the Riviera, the Greek Isles, the Sahara, Ireland, Zealand, Copenhagen, the Holy Land....

You'll walk through charming streets you never knew existed. Enjoy breathtaking, time-stopping sights—from a plane high over the Alps, a rubber motorboat exploring the Corsican coast....

You'll view the great art collections from London to Leningrad. In fact, each issue of Réalités is an art collection *in itself*. Illustrations are brilliant—meticulously printed on heavily varnished paper. Many readers frame the reproductions from Réalités. Your own collection may soon include the finest of Picasso, Rubens, Renoir, Vermeer, Mondrian....

Réalités will take you to memorable concerts, opera and ballet performances. (Somehow, the lively arts are *livelier* in Réalités.) You'll meet fascinating personalities wherever you go. Some of them famous. Some of them infamous. All

of them with something to contribute to the enjoyment of your journey.

And everywhere you go, you will enjoy the *finest food*. The recipes in Réalités are among the most unusual and delicious to be found anywhere.

What are they wearing in the fashion centers of Europe? What are they reading, listening to, talking about in the cultural centers? You'll get the answers for yourself in Réalités each month.

Réalités will stimulate your mind as well as your senses. The subjects covered range from the state of the world to the state of marriage, from progressive education to the youth revolt. And the authors include such internationally known thinkers and writers as Bruno Bettelheim, Rebecca West, Arnold Toynbee, Cyril Connolly and Lord Norwich.

And there is more in *Réalités*. So much more. But you'll enjoy making these additional discoveries for yourself. For that is what *Réalités* is all about. *Subscribe today and see.*
